

## Fiords Pinot & Glaciers

8 days | starts in Invercargill/ finishes in Christchurch

This tour departs from Invercargill and heads to the pristine lakes, carved fiords, and towering mountains blanketed in beech forest and that make up Fiordland. Walk amongst the beech trees, with the soft spongy leaf litter underfoot and green moss dripping from the undergrowth, to a viewpoint affording stunning views of Lake Manapouri and the rugged Kepler Mountains beyond. Enjoy the spectacular journey as we descend into Milford Sound, stopping for another walk in the beautiful Hollyford Valley en-route. Board your vessel for a nature cruise on the Sound - Fiordland Crested penguins, seals and dolphins can all be found here.

Back on land, we travel through the rolling hills of Southland to Lake Wakatipu and the lovely village of Arrowtown. Relax in the shade of the iconic oak trees, or join the adrenalin vibe in Queenstown. Sample local pinot noir and other award winning wines. Cross the main divide to the west coast. Walk the wild west coast beaches and hidden lakes, and feel the power of the mighty rivers of ice in glacier country. Take a boat trip on the serene waters of Okarito Lagoon. Enjoy the transition from lush bush to the dry plains of Canterbury on our journey over Arthur's Pass to Christchurch, where your tour comes to an end.

### Day 1 Invercargill – Te Anau

You will be met at the Invercargill airport or your central city accommodation at around 9:30am. After a picnic lunch by the lake, we do a superb hike through the cool cover of the beech forest with springy leaf litter underfoot on the Kepler Track, one of our country's 'Great Walks' [2hrs; Grade 2]. We continue a short distance to our accommodation in the sleepy town of Te Anau. (L/D)

After a quick chance to explore and a latte, we continue to the mystical Haast Pass where you can stretch your legs and walk the final few kilometres to the top on the old bridle path [2hrs; Grade 2]. This trail follows a crystal clear stream through mountain beech forest, and the area is a habitat for our rare Mohua bird (yellowhead), which often can be heard singing high in the canopy as we walk. Another drive takes us further north to our accommodation in the town of Fox Glacier. (B/L/D)

This morning we have several great walk options to explore the Westland wilderness and glaciers. Or you can opt to do the additional activities of a guided walk on the ice [Grade 3], or perhaps a helihike where you explore the upper reaches of the glacier after first viewing the river of ice from a helicopter. After lunch we drive over the hill to the village of Franz Josef. There are other short walk opportunities here, or you can visit a hot pool complex nestled within the rainforest for a relaxing soak in the tranquil pools. (B/L/D)

We visit a tiny seaside settlement of Okarito. Here we do a boat tour that takes us deep into the Okarito Lagoon, a huge unmodified wetland full of birds including the elusive Kotuku or White Heron, where we learn about the amazing history of the area and appreciate the large variety of wading birds. On clear days the view of the Southern Alps from the across the lagoon are second to none. In the afternoon we enjoy a walk in the hills behind the village, featuring more great views [3hrs; Grade 2]. We then head up the coast to our final stopover of Hokitika. Eat out at a local restaurant. (B/L)

#### Day 8 Hokitika – Christchurch

We explore the town of Hokitika and visit a pounamu (greenstone) workshop where we learn about the history and significance of pounamu to Maori from this region and indeed the whole of the country. Then we drive over the spectacular Arthur's Pass, stopping for a short walk through mountain beech forest, alpine tussock and herbfields, [2hrs; Grade 2] to stretch our legs on the way back to Christchurch and the end of the tour.
